★☆★ Scoring a Daily Bonus

The highest Score an Influencer reaches each day rewards a Daily Bonus. The highest Score for the day, rewards a bonus. See Score chart. **How to Score:** Your Score is the sum of all Scorable XP on product purchases within your 'Impact' (The structured social network of all Members as organized in your Spheres of Impact).

Help others score!

As those you invite start to Score and earn you're rewarded: **Direct Override:** <u>25%</u> of all directly invited members Daily Bonus. (SOI 1) **Indirect Override:** <u>10%</u> of all indirect members, SOI 2, Daily Bonus.

```
All Score thresholds reward a bonus daily of the same
proportion as the chart to the right. Score is a fixed
threshold at the progression sequence of: 1,2,3,4,6,8,10.
Scoring starts with thresholds in the hundreds, then
thousand, 10 thousands, hundred thousands, and then
millions. Add a zero to Score and you add a zero to Daily
Bonus. 100 = $.35/day, 1000 = $3.50/day, 10K = $35,
etc. So, a Score of 100K rewards $350/day, while a
Score of 2MM rewards $7K each day.

Community Member (CM): Any registered member of the NUALO community. Specifically, Free Members, Active Customers, Influencers, Qualified Influencers and Brand Partners. The term '*Community Member*' is often used synonymously with the term 'User' or simply 'Member'.

Free Member [M] and Active Customer [AC]: These are Community Members who have created a free account on the NUALO platform (via any Brand Partner's Boutique or NUALO Tool). Both Free Members and Active Customers enjoy the same benefits, access and privileges; and may earn rewards. Periods

Real-Time: XP and applicable Rewards & Commissions are allocated within a 5 minute window of a Scorable Purchase.

Daily: Daily Bonus' occur nightly (between roughly 4 am and 7 am Eastern Time). NUALO's system looks at the previous day's High Score (based on the SXP a User has accumulated) then calculates the Daily Bonus.

Monthly: On the 1st of each month (roughly between 4 am and 7 am Eastern Time), NUALO's system will look at a User's previous month's High Score, then calculate both the Direct and Indirect Overrides.

Score & XP

Xperience Points (XP): XP is assigned to Scorable products/services and is used to track a Member's Score. When a Scorable Purchase happens, the XP is allocated and tracked.

Impact XP (IXP): Impact XP is the total XP generated within a Member's Impact in the last 31 days.

Scorable XP (SXP): The IXP received by a Member's Directs within that Member's Impact. The total IXP any Direct can contribute to the total SXP is no more than 40% of a *Member's* next Paid-As Score. If a Member's next Score is 1000 the most IXP contributable to a Member's SXP will be 400 from any single Direct.

Score (aka 'Current Score'): When a Member's SXP crosses a Score threshold a Member is considered to be at that 'Score'. Current Score determines the Daily Bonus a Qualified Influencer will receive.
